ENVISION STORYBOARD

Transitioning to AI for Routine Tasks

1. CLEAR HEADING
(Set Direction)

Our Direction

We will leverage AI to automate routine tasks, giving us more time, better insights, and greater impact for our customers and each other.

AI is here to handle the routine, so we can focus on what matters most—people, creativity, and decision-making.

2. SHORT NARRATIVE TEXT (Creates Meaning)

Our Story

We work in a fast-moving world. Too much of our time is spent on repetitive tasks that slow us down. By thoughtfully adopting AI, we will simplify work, reduce manual effort, and elevate our roles.

This transition is about empowerment, not replacement—AI handles the routine so we can do our best work.

3. VISUAL
(Makes It Feel)

What This Looks Like

- Less time on repetition
- More time for creativity & problem solving
- Stronger collaboration & connection
- Better decisions with data & insights

4. MOTION OR INTERACTION
(Build Engagement)

How We Will Move Forward

Identify routine tasks → Pilot AI solutions → Learn together → Scale what works

5. HUMAN VOICE OR PRESENCE
(Builds Trust)

Our Commitment to Each Other

"We will be transparent, support one another, and ensure everyone has the skills and confidence to thrive with AI."

- We will be transparent
- We will invest in learning & support
- We will listen & adapt together
- We will celebrate progress

WHY IT MATTERS

This transition allows us to work smarter, serve better, and create more value—together. Our future is human + AI.

Together,
we shape what's next.
